

## Friendship Bracelet Project

We are inviting Girl Guides and Girl Scouts from all over the world to make friendship bracelets and send them to Sangam. We will then sell them in Yahdei, the name of the Sangam shop, for just 10 rupees each (this is approximately 20 US cents or 13 British pence!).

This will help Sangam to continue supporting its projects, like Children's Camp, and supporting our community partners. This will also allow visitors, and particularly local guides and scouts, to buy something that celebrates the world of WAGGGS and the international friendship we share.

Why not have a bracelet-making meeting with your unit or troop? Make a bracelet for a friend, and then make another one to send to us here at Sangam. When you pass on your bracelet, you can share the Sangam Spirit by explaining why you made the bracelet. You can share what you have learned about Sangam or your favourite Guiding/Girl Scouting experience.

We would also like to help promote [WAGGGS' Stop the Violence campaign](#) through our friendship bracelet project. Learn about the campaign and make your bracelets in the red and green colours of the campaign. This will help us to keep building the whisper into a shout!

Thank you for your friendship and support. We hope you enjoy making your friendship bracelets, and we look forward to receiving them and sharing the international friendship!

There is no deadline! This is an ongoing project and you can send your bracelets all year long.

Contact your Area International Adviser on where to send the completed bracelets and with any questions you may have.
